PROFESSIONAL SUMMARY

Results-oriented Software Engineer and AI Enthusiast with 2 years of experience in developing scalable and high-performing web applications using the MERN stack and Next.js. Currently expanding expertise in Artificial Intelligence through hands-on experience in machine learning model development, data preprocessing, and performance optimization. Skilled in designing efficient back-end architectures, building intuitive user interfaces. Passionate about leveraging cutting-edge technologies to deliver innovative, data-driven, and impactful software solutions.

EDUCATION

Bachelor of Software Engineering, (CGPA: 3.95)

National University of Modern Languages, Islamabad

Sep 2021 – Jun 2025

Technical SKILLS

Front-End: JavaScript, React, Tailwind CSS, Redux, Next.js
Back-End: Node.js, Express.js, Python, Django
Databases: MongoDB, MySQL, PostgreSQL, Firebase
Others: RESTful APIs, GraphQL, WebSockets, Agile/Scrum, Git

EXPERIENCE

Junior AI Engineer

CareCloud MTBC

Jun 2025 – Present

Bagh, AJK, PK

- Assisting in developing and deploying machine learning models for real-world applications.
- Conducting data preprocessing, model evaluation, and performance optimization for AI-driven solutions.

FULL STACK MERN Developer

CorTechSols LLC.

Jan 2025 – Jun 2025

Islamabad, PK

- Developing scalable and efficient web applications using the MERN stack.
- Enhancing system performance and optimizing database queries.
- Collaborating with cross-functional teams to build high-quality software solutions.

MERN Developer – Fellowship

Bytewise Limited

Jun 2024 – Sep 2024

Islamabad, PK

- Learned both front-end and back-end development, including deployment and full-stack web technologies.
- Built a full-stack eCommerce store from scratch with authentication, product management, and payment integration.

Front End Web Developer – Internship

Pakistan Post

Aug 2023 - Sep 2023

Islamabad, PK

- Revamped the official website using React, enhancing usability and efficiency.
- Optimized MySQL database for improved data management.

Certifications / Challenges

- Meta Front-End Developer – Meta (Coursera) | Jan 2024
- Azure Seekho Challenge – Microsoft Learn | Jan 2024

Soft Skills

- Communication | Problem-Solving | Team Collaboration | Time Management
- Attention to Detail | Leadership | Analytical Thinking
